SCOPE OF WORK AND TECHNICAL SPECIFICATION

Name of the work: Operation, maintenance of ion accelerators, preparation of samples, assisting in ion beam based experiments, maintenance of various allied systems and carrying out electronics and instrumentation work.

2.1. The scope of the work includes all the work as given below.

2.1.1 Operation of the 1.7 MV accelerator for high dose implantations

Startup of the ion source and other subsystems of the accelerator, applying the terminal voltage, tuning the parameters to get the desired beam current at the target to carry out the ion implantation. Shutting down of the accelerator as per the procedure.

2.1.2 Operation of the 1.7 MV accelerator for low dose implantations

Startup of the ion source and other subsystems of the accelerator, applying the terminal voltage, tuning the parameters to get the desired beam current at the target to carry out the ion implantation. Shutting down of the accelerator as per the procedure.

2.1.3 Operation of the 400 kV accelerator for high dose implantations

Startup of the ion source and other subsystems of the accelerator, applying the terminal voltage, tuning the parameters to get the desired beam current at the target to carry out the ion implantation. Shutting down of the accelerator as per the procedure.

2.1.4 Operation of the 400 kV accelerator for low dose implantations

Startup of the ion source and other subsystems of the accelerator, applying the terminal voltage, tuning the parameters to get the desired beam current at the target to carry out the ion implantation. Shutting down of the accelerator as per the procedure.

2.1.5 Operation of the 150 kV accelerator

Startup of the ion source and other subsystems of the accelerator, applying the terminal voltage, tuning the parameters to get the desired beam current at the target to carry out the ion implantation. Shutting down of the accelerator as per the procedure.

2.1.6 Maintenance and servicing of the vacuum pumps.

This work includes regular checking of the oil levels in rotary pump, filling of the oils, replacement of O rings or other parts under the supervision of department personnel. Servicing work of vacuum pump includes dismantling of pumps from beam line, dust removal and cleaning of cooling fan, checking and emery cleaning of electrical connections inside the motor, draining of rotary oil, cleaning of oil level view port, rinsing the pump with fresh oil & draining the oil after few minutes of running, Filling of fresh rotary oil up to the level indicator, Changing of "o" ring and gasket if required in the sealing area, Running & Vacuum testing of rotary pump with Pirani/ Thermocouple gauge to attain $<1 \times 10^{-3}$ mbar at blank-off condition, Cleaning of metal bellows with soap solution, Rinsing with ordinary water for 15min,

Drying with Hot air blower for 15min to remove the water particle from the bellow completely, Assembly of bellow and rotary pump with TMP in the beam line.

2.1.7 Sample preparation for step height measurement studies of irradiated samples

Samples are to be fixed in polishing moulds after prior cleaning by emery and organic solvent – The samples are to be polished starting from 400 grit to 4000 grit and thereafter by 4 microns, 2 microns diamond lapping compound. The roughness in the samples as measured by surface profilometry should yield lesser than 10 nm.

2.1.8 Sample preparation for ion implantation of micrometer thick samples

10x10mm x0.5mm thick steel samples are to be thinned by mechanical polishing to a thickness of 100micrometer and subsequently electro polished on both sides. After the irradiation experiments 3mm dia discs are to be punched out from the 10mm x 10mm samples.

2.1.9 Sample preparation for ion implantation of thick samples

10x10mm x 1mm thick steel, aluminium samples are to be polished with emery with varying grit sizes, followed by diamond polishing. Mirror finishing to be achieved one or both sides.

2.1.10 Sample mounting for high temperature irradiation studies

Samples are to be mounted on tantalum mounts and knife edges are to be spot welded onto tantalum frames and firmly fixed on the samples. Contacts for thermocouples and current integration are to be provided on the tantalum mounts. The entire assembly has to be precision mounted onto a XYZ, rotation sample manipulator. Quartz beam monitors are to be fixed for beam positioning. Further heating tests and tests for monitoring leakage currents are to be conducted and the whole assembly is to be mounted on a vacuum chamber and alignment of the sample with the beam entry port of the chamber is to be carried out.

2.1.11 Assembling of heater/heater stage

The UHV heater stage comprises of a 0.25 mm tungsten wire enclosed in 0.3 mm thin walled alumina tubes. This is enclosed in a molybdenum casing comprising of sapphire balls, radiation shield and electrical contacts. The heater wire replacement procedure is a delicate and laborious procedure involving disassembly of several tiny components winding of heater in tiny alumina cylinders and reassembling.

2.1.12 Maintenance of deionised water levels in three chillers: This involves transporting and filling of 1000 litres of DM waters in chillers.

2.1.13 Dismantling, cleaning and reassembling of the ion sources in 1.7 MV accelerator, 400 kV accelerator and 150 kV accelerator as per the standard procedures. Miscellaneous works including cathode preparation, filament coating, siltherm filling etc.

2.1.14 Miscellaneous material handling and transport works which includes transport of liquid nitrogen from MSG liquid nitrogen plant to accelerator lab in lots of 50 liters and filling of liquid nitrogen in SiLi detectors and other systems at MSG. Filling of liquid nitrogen in 2 anti-contaminator devices in the beam lines (30 litres

per week). Movement/changing of gas cylinders for experimental systems, rapid thermal annealing, venting systems, etc.

2.1.15 Monitoring and data logging of

- i) Various parameters of 4 chillers, 3 air compressors, centralized and package ac systems, etc
- ii) Temperature, vibration, noise level, current of all vacuum pumps
Temperature and humidity of all the three accelerator halls and control room
- iii) SF6 and Oxygen level in accelerator halls
- iv) sound, light, back ground radiation

2.1.16 Periodic maintenance of one pallet truck which includes dismantling of Tow bar, Release valve, Tow bar return spring and Hydraulic pump unit, cleaning of individual parts with kerosene, checking of oil seal in the pump unit, oil seal change, lubrication and greasing of all the joints and wheels, reassembling of unit, load testing and trial run.

2.1.17 Periodic maintenance of 3 nos of air compressors which includes checking and replacing air fuel management components, lubricant maintenance, draining water from the tank and replacing seals. Also Included are : checking for oil and air leaks, checking the differential pressure in the compressed air filter, oil change, verifying safe operating temperature, draining condensation from air receiver tanks and generating status logs

2.1.18 Servicing of various gadgets such power supply units, sample holders, helium quenching devices, controller, fibre optic duplex and simplex transmitters/receiver boards etc. under the supervision of department staff.

2.1.19 Soldering and wiring of the circuit in prototype Printed Circuit boards, Testing of the circuit and preparation of the detailed report.

2.1.20 Electronic instrument box fabrication including design of front and back panels, fittings of PCBs and panel components, interconnecting and wiring and testing them

Note: Contractor shall provide necessary safety gadgets like safety shoes, helmets, gloves, and other required protective gears to its manpower and 2 sets of uniform. Transport arrangement for the manpower to be provided. The quoted percentage rate above on the total estimated amount shall be deemed to be inclusive of these items.

2.2. Preferred Manpower schedule:

- a. The contractor shall employ minimum of 2 Nos. of Highly skilled and 4 Nos. of skilled manpower on all days of work at IGCAR for carrying out the above mentioned works.
- b. The contractor shall ensure the availability of specified number of manpower on all working days throughout the period of the contract. Penalty will be levied in case of non-supply of specified number of labour, as per clause 7 of GeM Service Level agreement(SLA).

c. Contractor shall designate one of the personnel as a coordinator from contractor side for managing the contract and the manpower and maintaining various records like attendance, salary, leave etc.

d. The contractor shall ensure that physically fit personnel above 18 years of age and not more than 60 years are only employed for working under this contract. Persons with contagious diseases/medically unfit shall not be deployed.

e. The personnel deployed by the contractor under this contract should produce necessary medical fitness certificate from authorized/registered medical officers. They should complete the safety training conducted by IGCAR on joining under this contract.

f. The contractor shall provide necessary uniforms, protective gears and ID cards to all their employees at the cost of the contractor and no extra payment will be made for this.

2.3. Period of contract:

a. The contract will be initially for a period of **12months** from the date from which the contract is made effective and will be subject to periodic review and evaluation of performance by the Competent Authority of IGCAR, Kalpakkam.

b. The Contract may be extended for a further period of six more months or part thereof on mutual consent and agreement. Such extension shall be on the same terms and conditions as given in the initial contract of 12 months. If the contractor is not willing to extend the validity of the contract beyond the 12 months period, the contractor shall give three months notice prior to the expiry of the 12 months contract period.

2.4. Working Hours:

a. The work described above should be carried out on all days in round the clock shifts. Each shift of work for one person will be 8 hours including lunch/tea breaks. Normal shift timings are Shift 1: 06:00 to 14:00 hrs, shift 2: 14:00 to 22:00 hrs and shift 3: 22:00 to 06:00 hrs. General shift timings 08:00 to 16:00 hrs and 09:00 to 17:00 hrs.

b. In case of special requirements for carrying out the work beyond the shift timings or on holidays, the contractor has to provide the required manpower if so demanded by the IGCAR Officials.

c. If contract personnel are on leave, contractor should ensure trouble free working by providing suitable replacement at no extra cost. Penalty will be levied in case of non-supply of specified number of labour, as per clause 7 of GeM Service Level agreement(SLA).

2.5 Duties, responsibilities and contractual obligations of the contractor:

(a) The Contractor shall provide the services described in Clause 2.1 in accordance with the preferred manpower schedule given in clause 2.2.

(b) The contractor shall ensure that all the contract personnel are selected after due verification of antecedents from police authority and shall furnish Police verification certificate in original to the Engineer-in-charge(EIC), within a month of award of contract. The Police verification must be carried out by the Police under the Police Station area where the persons deployed by the contractor were continuously staying for the last two years or more.

c) The contractor shall alone be fully responsible for safety, security and insurance or life insurance of the personnel engaged by him. IGCAR shall not be liable for any compensation in case of any fatal injury/death caused to or by any manpower while performing/discharging their duties.

d) The contractor should provide and ensure biometrics attendance system to record the daily presence of the workers. The contractor shall submit the material evidence without fail against the attendance for all the employee's engaged for this work before 7th of every month.

e) Work shall be carried out as per detailed scope of work and as directed by the Engineer-in-charge. Contractor shall deploy minimum of 6 personnel having following educational qualifications and professional experience: Minimum 1 person with Bachelor of Engineering in Electrical/electronics/mechanical and a minimum of 1 year of professional experience (including apprentice/internship) under highly skilled category, Minimum 3 persons with Diploma in electronics/electrical/mechanical or B.Sc in Physics/chemistry and a minimum of 0.5 years of professional experience (including apprentice/internship) under skilled categories, 1 Person with ITI (fitter or turner or electronic mechanic or electrician) with a minimum of 4 years of professional experience under highly skilled category.

(f) All the contract personnel should follow the shift schedule and timing as approved by the EIC. Each contract person should be available in the work area in his/her entire shift otherwise it will be treated as absent. Thus necessary number of the contract personnel should be available for all shifts without fail. If they are found absent, payment will not be paid for the respective shift. During the shift timings, all the contract personnel should wear proper uniform, ID cards (approved by IGCAR), and other safety gadgets including shoes during the duty hours. The contractor / contract personnel should, at all times, behave politely and in a courteous manner to the IGCAR department personnel and should not indulge in any argument or altercation.

(g) The manpower deployed by the contractor will not be treated as DAE employees for any purpose, whatsoever, and facility / benefits applicable to DAE employees will **not** be extended to them. Such personnel shall have no right, whatsoever, to claim employment under the Government / Department on the ground of their service under the contract.

(h) The contractor shall make his/her own arrangements for transport to and from IGCAR site and within IGCAR, and such other facilities like medical facilities, etc for all his/her contract employees.

(i) The contractor should ensure that all the employees employed are law abiding citizens with clean records and persons with adverse police records should not be

employed for carrying out the work specified in 2.1.

(j) The contractor should ensure that the correct personnel particulars and addresses of the employees employed by the contractor are available with them during the period of carrying out the work specified in 2.1.

(k) The contractor, his/her employees are not allowed to take away or transmit to outside in any manner whatsoever, any documents like reports, drawings and any other information of IGCAR from IGCAR premises. The contractor, his/her employees are not allowed to share any documents or information relating to IGCAR to any outside unauthorized person. Violation will render immediate termination of contract and no payments will be made to the contractor along with forfeiture of Performance Security. The contractor shall be wholly responsible in case of failure and will be liable to be prosecuted under the jurisdiction of the local court.

l) The contractor, his/her employees should abide by all security measures imposed by EIC from time to time.

m) Only the contractor and his/her employees deployed for carrying out work specified in 2.1 are allowed to enter IGCAR premises through valid entry permits and photo passes. The contract should follow the standard procedure for applying for IGCAR entry permit through the EIC.

n) The contractor and his/her employees should produce individual police clearance certificate at their own cost before applying for IGCAR entry permit to the EIC. So it is the responsibility of the contractor to deploy the contract employees to IGCAR work after due verification of their credentials and tract of past records.

o) Police verification certificate submitted with respect to an individual contract employee should be for one year from the date of issue. Original police verification certificate should be attached to the initial application for temporary identity card and in case of further ID card renewals within three months.

p) The contractor should replace at his/her own cost, the items of equipment of IGCAR or any other assets of IGCAR so damaged or lost or misplaced; on account of lack of care or on account of negligence on the part of the contractor or any of the contract employees.

(q) The contractor shall comply with the provisions of all the applicable laws to meet the statutory requirements in connection with the work in 2.1.

(r) If on account of non-compliance with the provisions of any such law, the IGCAR is called upon to make any payment to or in respect of his employees, the contractor shall fully reimburse to the IGCAR all such payments and IGCAR shall be free to make deductions on this account from the amount of security deposit/Performance guarantee of IGCAR in such a case.

(s) The contractor shall promptly report the case(s) of any unusual occurrence or incidents(s) or accident(s) in the premises or involving injuries etc. to the personnel employed by him for the purposes of the contract to the Government

(t) The contractor shall comply with the instructions which may be issued to him by the Competent Authority from time to time

(u) In the event of the contractor committing breach of any of the terms and conditions herein contained without prejudice to any other rights and remedies open to the IGCAR, the IGCAR shall be at liberty to terminate the contract forthwith; and / or to forfeit the amount of Performance Guarantee and security deposit or any part thereof.

3 INSTRUCTION & GUIDANCE TO TENDERER

3.1 Submission of Tender:

- (a) Tender shall be deemed to have been submitted after careful study and examination of the tender document with full understanding of its implications.
- (b) Submission of a tender by a Tenderer implies that he has read and understood this notice and all other contract documents and has made himself aware of the scope and specifications of the work to be done and local conditions and factors having a bearing on the execution of the work.
- (c) All information called for should be furnished against the relevant columns in the forms. If for any reason, information is uploaded on a separate sheet, this fact should be mentioned against the relevant column. Even if no information is to be provided in a column, a “nil” or “no such case” entry should be made in that column. If any particulars/query is not applicable in case of the Tenderer, it should be stated as “not applicable”. The Tenderers are cautioned that furnishing incomplete information in the tender forms or deliberately suppressing the information may result in the tender being disqualified.
- (d) No additional information shall be entertained after submission of the tender unless it is called for by Director, MSG, IGCAR.
- (e) Any information furnished by the Tenderer found to be incorrect either immediately or at a later date, would render him liable to be debarred from tendering/taking up of any job/work in IGCAR.
- (f) The Technical-cum-Financial Bid of the tender should be valid for a minimum period of 120 days from bid submission closing date of tender. Tenderer shall not be entitled to revoke or cancel the tender or to vary the tender submitted or in terms thereof during this period of One Hundred Twenty days, without the consent in writing of Director, MSG, IGCAR.

3.2 Bid Opening: In the event of the date specified for opening of bid being declared holiday, the Bid will be opened at the appointed time and location on the next working day.

3.3 Clarification of Bid:

- (a) When deemed necessary, the IGCAR may seek clarifications on any aspect including any document from the Bidder. However, that would not entitle the Bidder to change or cause any change in the substance of the Tender submitted or price quoted.
- (b) During the course of evaluation of the bid, in case it is found that any of the documents prescribed has not been furnished, such shortfall document will be called for and the same shall be furnished within the prescribed period.
- (c) The shortfall information / documents should be sought only in case of historical documents which pre-existed at the time of the tender opening and which have not undergone change since then. So far as the submission of documents is

concerned with regard to qualification criteria, after submission of the tender, only related shortfall documents should be asked for and considered. For example, if the bidder has submitted a work order without its completion/performance certificate, the certificate can be asked for and considered. However, no new work order should be asked for so as to qualify the bidder.

3.4 Acceptance and Rejection of Bid: Competent Authority on behalf of President of India reserves to himself the authority to reject any or all of the tenders. Tenders, in which any of the prescribed conditions is not fulfilled or any condition including that of conditional rebate is put forth by the Tenderer, shall be liable to be rejected.

3.5 Scrutiny of Bids:

Bids will be scrutinized to ascertain –

- (a) That the Power of Attorney inter-alia includes a provision to bind the Bidder to settlement of disputes clause.
- (b) That the bid is conforming to all the terms, conditions and specification of the Tender Document, without affecting in any substantial way the scope, quality or rendering of service.
- (c) That the bid does not limit in any substantial way, the Department's rights or the bidder's obligations under the contract.
- (d) That the bid does not contain any rectification that would affect unfairly the competitive position of other bidders.

3.6 Evaluation of Bids:

Estimated Cost of tender: The estimated amount of tender (as given below) is the sum of minimum wages for the contract workers during contract period including GST. The estimated amount is exclusive of EPF, ESI and bonus:

Item No.	Item Description	Quantity	Unit	Estimated Rate Rs.	Total Amount Rs. (Estimated Rate ×Quantity)
1	Carrying out operation and maintenance of accelerators, preparation of samples, assisting in ion beam based experiments, maintenance of various allied systems and carrying out electronics and instrumentation work. These are to be done by 2 highly skilled personnel. Total no. of days: 26 days/month x 12 = 312 days. Total no. of highly skilled operations (2x312) = 624.	624	operations	893	557,232.00
2	Assisting in operation and maintenance of accelerators, preparation of samples, ion beam based experiments, maintenance of various allied systems and carrying out electronics and instrumentation work. These are to be done by 4 skilled personnel. Total no. of days: 26 days/month x 12 = 312 days. Total no. of skilled operations (4x312) = 1248.	1248	operations	760	948,480.00

The tenderer shall quote as per the format given in ***Part II Financial Bid of GeM Bid Document.***

3.7 Award of Contract:

- (a) The successful bidder will be issued with a Letter of Intent with request to deposit Performance guarantee in any form prescribed under Clause 5.2, within a period of fifteen days from the date of issue of Letter of Intent.
- (b) Upon receipt of Performance guarantee a work order will be issued to the successful bidder to commence the service with effect from the date mentioned in the GeM contract order.

१०४३

4 GENERAL CONDITIONS OF THE CONTRACT

- 4.1 The intending bidder and the prospective agencies shall be required to possess the following documents with them separately, which shall form part of Tender Documents for this work: -
- (a) The General Terms and Conditions on GeM portal and
 - (b) Service Level Agreement (SLA) on GeM portal for Facility Management Service – Lumpsum based.
- 4.2 These documents can be downloaded from the GeM website <https://gem.gov.in>.
- 4.3 The bidders must read the terms and conditions carefully and shall abide the terms and conditions contained therein.
- 4.4 The terms & conditions stipulated in SLA will supersede those in GTC and terms & conditions stipulated in this tender document (ATC) will supersede those in GTC and SLA in case of any conflicting provisions.

ॐ

5 SPECIAL CONDITIONS OF CONTRACT

5.1 Earnest Money Deposit:

- (a) The tender must be accompanied by the Earnest Money Deposit **Rs. 35,535/-** (Thirty five thousand five hundred and thirty five only). EMD shall be submitted by way of Demand Draft, PO, FDR or Banker's Cheque in favour of Pay &Accounts Officer, IGCAR. Insurance Surety Bond in favour of President of India / MSE certificate will also be accepted. Cash, Cheques and Bank Guarantee for EMD will not be accepted.
- (b) Small or Micro firms having valid MSE certificate and service providers exempted from EMD submission as per GeM GTC are exempted from EMD. However, they are required to furnish the MSE certificate/ proof of exemption instead of EMD. **Service providers under MSE category registered as 'Scientific research and development (72) or 'Repair of machinery (Repair of electronic and optical equipment, Repair of electrical equipment) (33) or other professional, scientific and technical activities(74)' are only eligible for exemption.** Manufacturers for goods and Traders as Major Activity are excluded from the purview of this exemption.
- (c) Tenders without EMD or Tenders for which MSE certificate/ concerned proof of certification as prescribed, is not uploaded, will be rejected.
- (d) EMD in respect of unsuccessful Bidders will be returned without any interest only after publishing financial evaluation status of bidders on GeM portal.
- (e) EMD of the successful bidder shall be returned after receiving the Performance Guarantee.
- (f) If any tenderer withdraws his tender within the validity period or makes any modification in the terms and conditions of the tender which are not acceptable to the Department, then the Government shall without prejudice to any other right or remedy be at liberty, to forfeit 50% (fifty percent) of the earnest money absolutely. Further the tenderer shall not be allowed to participate in re-tendering process of the work.
- (g) If the successful bidder fails to remit the Performance Guarantee in any of the forms prescribed within a period of 15 days from the date of issue of Letter of Intent, it will be concluded that the successful bidder is not willing/unable to provide the service as per the bid submitted by him. In such case, the EMD will be forfeited without further correspondence in this regard. Further, the Tenderer shall not be allowed to participate in the retendering process.
- (h) If the successful MSE bidder withdraws his tender within the validity period (or) makes any modification in the terms and conditions of the tender which are not acceptable to the Department (or) fails to remit the Performance Guarantee in any of the forms prescribed within a period of 15 days from the date of issue of Letter of Intent, it will be concluded that the successful bidder is not willing/unable to provide the service as per the bid submitted by him. In such

case, the Firm will be debarred for a period of One year without further correspondence in this regard. Further, the Tenderer shall not be allowed to participate in the retendering process.

5.2 Performance Guarantee:

- (a) In case of successful Tenderer, the Tenderer shall deposit an amount equal to 3% (three percent) of the work order value as irrevocable Performance Guarantee in one of the following forms within a period of 15 days from the date of issue of Letter of Intent:
- i) Demand Draft / Bankers Cheque / PO in favour of Pay & Accounts Officer, IGCAR.
 - Or
 - ii) Fixed Deposit Receipt (FDR) of State Bank of India/Scheduled Bank pledged in favour of Pay & Accounts Officer, IGCAR.
 - Or
 - iii) An irrevocable Bank Guarantee (BG) in the form prescribed by the Government from a Scheduled Bank.
- (b) The Performance Guarantee shall be initially valid up to the stipulated date of completion plus 2 months beyond that and in addition a claim period of 6 months shall be given. In case the time for completion of work gets enlarged, the contractor shall get the validity of performance Guarantee extended to cover such enlarged time for completion of work. After recording of the completion certificate for the work by the competent authority, the performance guarantee shall be returned to the contractor, without any interest.
- (c) The GeM Contract Order will be generated only after the said Performance Guarantee in any one of the prescribed form is received and accepted.

FORM OF PERFORMANCE GUARANTEE (BANK GUARANTEE) BOND

In consideration of the President of India (hereinafter called "The Government") having agreed under the terms and conditions of Letter of Intent/Agreement No. _____ dated _____ made between _____ and _____ (hereinafter called as said Contractor) for the work _____ (hereinafter called "the said Letter of Intent / Agreement") having agreed to production of an irrevocable bank Guarantee for Rs. _____ (Rupees _____) only, as a security/guarantee from the contractor(s) for compliance of his obligations in accordance with the terms and conditions in the said agreement.

2. We _____ (Indicate the name of the Bank) (hereinafter referred to as "the Bank") hereby undertake to pay to the Government an amount not exceeding Rs. _____ (Rupees _____) only on demand by the Government.

3. We _____ (indicate the name of Bank) do hereby undertake to pay the amounts due and payable under this guarantee without any demur, merely on a demand from the Government stating that the amount claimed is required to meet the recoveries due or likely to be due from the said Contractor. Any such demand made on the bank shall be conclusive as regards the amount due and payable by the Bank under this guarantee. However, our liability under this guarantee shall be restricted to an amount not exceeding Rs. _____ (Rupees _____) only.

4. We, the said bank, further undertake to pay to the Government any money so demanded notwithstanding any dispute or disputes raised by the Contractor in any suit or proceeding pending before any Court or Tribunal relating thereto, our liability under this present being absolute and unequivocal. The payment so made by us under this bond shall be a valid discharge of our liability for payment there under and the Contractor shall have no claim against us for making such payment.

5. We _____ (indicate the name of Bank) further agree that the guarantee herein contained shall remain in full force and effect during the period that would be taken for the performance of the said Agreement and that it shall continue to be enforceable till all the dues of the Government under or by virtue of the said Agreement have been fully paid and its claims satisfied or discharged or till Engineer-in-charge on behalf of the Government certifies that the terms and conditions of the said Agreement have been fully and properly carried out by the said Contractor and accordingly discharges this guarantee.

6. We _____ (indicate the name of Bank) further agree with the Government that the Government shall have the fullest liberty without our consent and without affecting in any manner our obligations hereunder to vary any of the terms and conditions of the said Agreement or to extend time of performance by the said Contractor from time to time or to postpone for any time or from time to time any of the powers exercisable by the Government against the said Contractor and to forbear or enforce any of the terms and conditions relating to the said Agreement and we shall not be relieved from our liability by reason of any such variation, or extension being granted to the said Contractor or for any forbearance, act of omission on the part of the Government or any indulgence by the Government to the said Contractor or by any such matter or thing whatsoever which under the law relating to sureties would, but for this provision, have effect of so relieving us.

7. This guarantee will not be discharged due to the change in the constitution of the Bank or the Contractor.

8. We, _____(indicate the name of Bank) lastly undertake not to revoke this guarantee except with the previous consent of the Government in writing. This guarantee shall be valid up to (date) unless extended on demand.

9.
